## OPPORTUNITIES

- 1** Transportation Enhancement Program
- 2** MWEA Watershed Seminar
- 3** Sustainable Bioenergy
- 4** Science for Climate Variability and Change
- 5** Restoring Native Ecosystems 2012

### Transportation Enhancement Program

The Michigan Department of Transportation funds projects that enhance Michigan's intermodal transportation system and improve the quality of life for Michigan citizens, like non-motorized paths, streetscapes, and historic preservation of transportation facilities. [More Details](#)

### MWEA Watershed Seminar – Earn “Managerial” Wastewater Credit!

December 8, 2011 – Eagle Eye Banquet Facility, East Lansing

This conference is multi-disciplinary and is designed for all who have a direct stake in stormwater and watershed management, non-point source pollution or the modeling of urban stormwater systems. There is a fee to attend and you will receive .5 “Managerial” Wastewater credit! [More Details](#)

### Sustainable Bioenergy

Due date: December 15, 2011 – Available funds: \$11M

The U.S. Department of Agriculture is seeking proposals for projects that work toward sustainable production of bioenergy and biobased products that contribute significantly to reducing dependence on foreign oil while maintaining compatibility with existing regional systems. Grant funds will support research and extension projects that support the program's priorities. [More Details](#)

### Agriculture and Natural Resources Science for Climate Variability and Change

Due date: December 16, 2011 – Available funds: \$12M

The U.S. Department of Agriculture seeks proposals to support research, education and extension projects that aim to reduce greenhouse gas emissions, increase carbon sequestration in agricultural and forest production systems, and prepare our agriculture and forests to adapt to variable climates. [More Details](#)

### The Science, Practice & Art of Restoring Native Ecosystems 2012

January 20-21, 2012 – Kellogg Center in East Lansing, MI

The Stewardship Network proudly announces their 2012 conference on Natural Areas and Ecosystem Services! Come learn about the role of “ecosystem services” and how we can preserve and enhance them through natural areas stewardship. [More Details](#)
